

Addendum to ATAMI Chemical Hygiene Plan

Oregon State University

September 2023

Department: ATAMI

Principle Investigator: Randy Greb

Building and Room #'s: Atami shared lab and facilities spaces.

Hazardous Waste Station at the NE Corner of the ATAMI building

The Hazardous waste station on the north side of the garbage compactor is available for staging hazardous waste for pickup, only.

It cannot be used for storing hazardous waste. Hazardous waste is stored at the location it is generated per OSU EHS guidelines.

All waste placed on the secondary containment platform must be labelled with an OSU hazardous waste label.

Contact [OSU Hazardous Waste](#) Pickup to make pickup arrangements.

Food and Drink Policy for High Bay Spaces

Food and Drink are not allowed any labs in the ATAMI building.

The High Bay workspaces are generally considered labs.

The following exception to the no food and waste rules:

1. Covered drink containers are allowed in designated spaces only.
2. Clearly designate the space with tape on the floor, signage and clear labels.
3. Open containers, food, coffee makers, or other food related items are not allowed.
